5. A note from Bus Incharge

The Notre Dame of Holy Cross School thrusts upon value based education. The quality of education lies not in single line achievement but developing the whole personality of human being. It was informed frequently to the students how to respect Parents, elders and teachers. However, It has come to our notice that some of our students are not able to uphold the decorum of the school in the bus. It is highly recommended to the students to maintain good discipline in the bus. If failed the students may be asked to find his/her own means to commute to the school.
