

Dear Parents

A Warm Greetings from Notredame

KIDS DAY CELEBRATION

Kids are the world's most valuable resource and its best hope for the future. We set high expectations on them hoping that they will shine like stars in the sky. Our society demands skills more than the qualification. The school is a platform for the children to develop an holistic personality. Henceforth, Kids day is celebrated in our school to bring out the innate talents of the kids. Kids day will be celebrated in our school on **9th Dec 2017 from 5.30 pmonwards**. Mrs. Devagi the Child Probation officer, Karur has consented to be chief Guest and Ms. Priyanka Deshpande of Vijay TV fame will be the Guest of Honour. On behalf of the management, the staff and tiny tots of Notredame, I welcome you all to come in large number to enjoy the talents displayed by our kids.

PHONIC METHOD

Every child is unique, so will be their learning. A Team from Chennai called '**THULIR**' has approached us to introduce phonetics class for the students of classes LKG to V for the Academic year 2018-19. This method of teaching would enhance the communication skills with correct articulation and proper phoneme. This will boost the self- confidence of the children and get rid of the fear in speaking English. However they will initiate the classes on trial basis from January 2018 onwards. Let us wish that our children speak good and decent English with correct pronunciation.

SEMINAR BY STUDENTS

As the saying goes 'Don't give them fish, teach them to fish'. It is often noticed that whenever assignment or projects are given to the children most of them are done by parents. The school discourages this act. The management wishes that an opportunity to be given to the children to take seminar instead of assignments/projects. The seminar with simple topics will help the children to gain confidence, enhancement of subject knowledge, overcome stage fear, improve their style of speaking good English, etc... This also will help immensely those students who are below average. May, I request the parents to help their ward in this regard.

AAKASH ACADEMY

Aakash academy had conducted '**ANTHE**' Scholarship exam for the students of classes 8 to 10. Nearly 350 students had appeared for the exam and 292 of them won scholarship. The Aakash team will address the parents on 2nd Dec and issue the certificates to the children who won scholarships. They also will address regarding the commencement of Aakash programm in our school for the academic year 2018-19. I would like to invite the parents of classes 8,9,10 and 11 to attend the meeting and plan together for our children's future.

PROGRESS REPORT

Dear Parents, as you are all aware that 2nd Mid Term has come to an end. I believe that the children brought and showed you the answer sheets despite sending the marks through SMS. To encourage the students those who have passed in all the subjects and failed in one subject the progress report is sent along with children to get signature from parents. Those children who have failed in two or more subjects are asked to bring their parents and meet the class teacher and subject teachers to discuss about the academic progress of the child. The teachers will be available to meet the parents from 5th Dec to

7th Dec between 3.30pm to 5.00pm. Those students who failed in two or more subjects are asked to bring their parents to meet the concern teachers and other parents who wish to meet the teachers can also meet them.

LOCKER IN EACH CLASS ROOM

We feel that sometimes the students come to school with heavy load of books. We don't want the children to keep heavy load on their shoulders. Every class room has got a cupboard for the children to keep their text books and notebooks. The children are asked to make use of the locker to keep the study materials and only what is necessary can be taken home. The children are advised to follow the daily schedule and accordingly bring the books to the school.

TREKKING TO YERCAUD

Trekking is an activity that challenges the physical as well as the mental aspects of an individual. It is an activity that continuously tests our endurance. Regular brisk walking will improve performance of the heart, lungs and circulation, reduces stress as well as lower blood pressure. It is good for the body, mind and soul. The school has arranged a trekking to Yercaud hills for the students of 7,8,9 of our school on 26th Dec 2017. The interested students and parents can enrol their names with Mr. Eniyan Jayanth on or before 10th Dec 2017.

FEE DEFAULTERS OF 2ND TERM

Dear parents, some of you have not paid the second term fees of your children. Those parents who have not paid the fees are asked to remit them as early as possible.

NOTE:

All parents are updated about all the school activities by regular circulars and through our website. For more information log onto www.notredamehcs.org
