

Dear Parents

A Warm Greetings from Notredame

1. AAKASH ACADEMY

We are very happy to inform you that Aakash Educational Services has given their willingness to commence NEET and JEE programme in our school from the academic year 2018-19 onwards. In the first level of their course they had conducted Anthe Scholarship exam. Out of 350 students 292 students from our school have won scholarship and they will be given first preference. They are asked to enrol their names in the main office on or before 15th Dec 2017. The last date of registering your name will be 17th Dec 2017 thereafter the admission will be closed.

2. HALF YEARLY EXAMINATION

Steel is tested by fire; Examination is one of the means to test the academic performance of the child. Every examination is important and marks need to be recorded. No student is expected to avail leave during the examination and no retest will be conducted at any cost. As the Half yearly examination has begun already I request the parents to help their wards in preparing well for the examination. Motivation and accompaniment is expected from the parents and please avoid using discouraging words with the children. Every child is a gift from God; so love them and accept them.

3. ROLE MODEL

One of the crucial aspects on the path of self –improvement is to have a Role Model in one's own life. A good role model makes a difference in a child's growth and development so that they can learn the difference between good and bad and begin to practice a positive and healthy life style. Henceforth, it is advised that every child should have a role model someone older to look up to and learn positive values from a responsible role model. Some of the Role model could be Mother Teresa, Mahatma Gandhi, Abdul Kalam, Albert Einstein, Nelson Mandela, Martin Luther King, Steve Jobs, Sachin Tendulkar, or your parents, Grandparents, Teachers etc... The students are asked not to imitate them but try to imbibe the qualities of these people which made them to be what they are today.

4. VALUES AND MORALS

In many homes both parents work and the time they have now to spend with their children is limited. Before when women used to stay at home, they were able to teach their children the nuances of cultural and religion that particular family practiced. Children now don't learn manners that their parents and grandparents may have learned. So dear Parents let us try to spend time with the children, let us arrest them from getting into social media and video games. Inculcate in them values, morals, life ethics, teach them about great personalities. Help them to be more creative and innovative and finally shape and mould them with good character and attitude.

5. SEMINAR FOR PARENTS

Parenting is a lifelong journey. Every parent wants to be a good parent and role model for their children. However, circumstances prevents us from being a good parent to them. We fail to take little time to introspect our parenting. We need to growalong with our child. So, Let us take a break and come to our school and attend a seminar organised for the parents of LKG to IV std. it is a two days seminar; LKG to 1st Std parents will have seminar on 18th Dec 2017 from 9.00am to 12.00pm, 2nd Std to IV std parents will have seminar on 19th Dec 2017 from 9.00am to 12.00pm on the Topic: ‘**SUCCESSFUL PARENTING**’. I request all the parents to participate in this seminar organised exclusively for you and benefit maximum.

6. TREKKING TO YERCAUD

Trekking is an activity that challenges the physical as well as the mental aspects of an individual. It is an activity that continuously tests our endurance. Regular brisk walking will improve performance of the heart, lungs and circulation, reduces stress as well as lower blood pressure. It is good for the body, mind and soul. The school has arranged a trekking to Yercaud hills for the students of 7,8,9 of our school on 26th Dec 2017. The interested students and parents can enrol their names with Mr. Eniyan Jayanth on or before 15th Dec 2017.

7. Fee Defaulters of 2nd Term

Dear parents, some of you have not paid the second term fees of your children. Those parents who have not paid the fees are asked to remit them as early as possible.

NOTE:

All parents are updated about all the school activities by regular circulars and through our website. For more information log onto www.notredamehcs.org
