---

Greetings from Notre Dame of Holy Cross School,

Date : 14.06.2018

We are happy to bring to your knowledge that the management and the language enforcement committee have decided to promote English as the medium of communication in the campus. As the first step to promote it we have planned to retain your wards after school hours (3.30pm) till 5.00pm. If they are found to be violating the rules of the school regarding the medium of communication in the campus and in the school bus. We expect you to render your full support and co- operation, help us to enhance your ward's communication skills in English.

**Note:** Students who are detained will be sent by the 2<sup>nd</sup> trip at 5.00pm.
