**Dear Parents and Students (Std. 10 & Std. 12)**

**Greetings from Notre Dame of Holy Cross School, Salem -140.**

Board exams represent a significant milestone in a student's academic journey, serving as a foundation for future educational endeavours. These examinations not only evaluate the knowledge and skills acquired over the years but also prepare students for the challenges of higher education and professional life.

To ensure success in these board exams, it is essential for students to adhere to the prepared timetable for exam preparation. This structured schedule facilitates systematic revision, allowing students to cover all subjects comprehensively and manage their time effectively. Following the timetable will help build confidence and reduce last-minute stress.

We encourage students to remain disciplined, cultivate a positive mindset, and fully utilize this preparation period. Consistent effort and dedication will pave the way for achieving the desired results in the board exams.

## **Daily Test**

To further reinforce our students' understanding and ensure they are well-prepared, we will be conducting daily tests focusing on key units. These tests will include compulsory questions from important topics that are likely to appear

in the board exams. This practice will help solidify their grasp on critical concepts and improve their exam readiness. It's essential that students take these tests seriously, as they will serve as a strong foundation for their final preparations.
